

An introduction to tru-care

Your customised servicing and preventative maintenance solution from **Tru-Bilt Industries**

A new era of servicing has arrived

Giving you

Servicing contracts that reduce in cost over time.

Individual options that you can mix and match to exactly suit your needs and budget.

The maintenance and repair risk sits with us saving you time, money and worry.

How we do it

As we learn your business our costs reduce and we pass that saving onto you.

Our system determines the appropriate level of cover for your facilities

We service any brand of door, dock and traffic management assets.

The tru-care difference

The tru-care system works with your specific requirements, without forcing you into predetermined servicing plans that often involve wasted effort in a one-size fits all approach.

✓ Cost efficient

✓ Contracts that reduce in price over time

✓ Timely reporting

✓ Servicing that works

Call us anytime to find out more about the tru-care system.
It will change the way you think about servicing.
