

# TRU-SEAL™ Compact Inflatable Seal

## Description

TRU-SEAL™ Compact Inflatable Seal TS300

## Webpage

<http://www.tru-bilt.co.nz/products/tru-dock/#tru-seal-TS300>

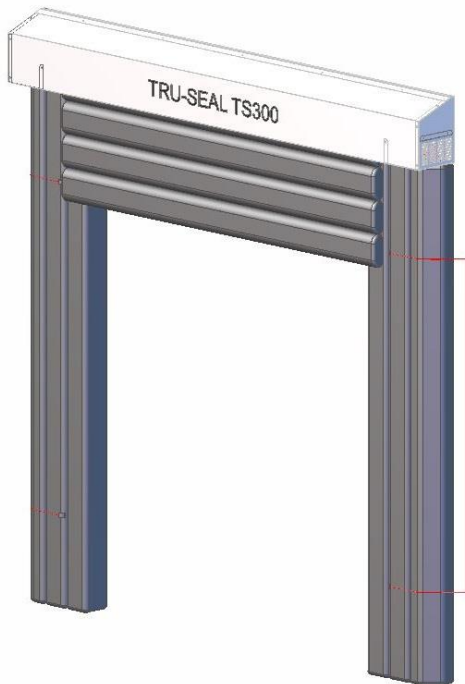

## Product Information

The **TRU-SEAL™** Compact Inflatable Seal is ideal for loading environments where space is tight, providing a slimline protective seal against weather and pests while reducing energy loss from temperature controlled environments. The **TRU-SEAL™** system is one of the most effective and reliable dock sealing processes available, providing an inflatable air bag system that suits a wide range of truck sizes. Designed for tough use, the **TRU-SEAL™** Compact Inflatable Seal is easy to use and keeps personnel safe.
