Product Information

Seal your loading environment and save on energy at the flick of a switch with a **TRU-SEAL™** Inflatable Dock Seal system. **TRU-SEAL™** is one of the most effective and reliable dock seal systems available, providing an inflatable air bag system that suits a wide range of truck sizes. Extremely robust, the **TRU-SEAL™** is designed for tough use, while the simple fan-driven system drastically reduces energy loss from temperature controlled environments and protects against weather, dust, insects and more. Designed to be reliable, easy to use and personnel safe, the **TRU-SEAL™** Inflatable Dock Seal is the ultimate in loading dock environment control.
