Product Information

TRU-SPRINT™ COLDFLEX Rapid Roll Door Series II is a high quality, insulated, heavy duty solution for environmental control in demanding situations. This door can be used in a vast number of applications such as the food industry, warehouses and workshops. The door is suitable for mounting on the outside of freezers down to -35°C, freezer ante rooms, cool rooms and noisy areas. TRU-SPRINT™ COLDFLEX will help you provide a more controlled working environment, saving energy costs by avoiding the loss of temperature through your doorway.
