Product Information

Restrict temperature loss, reduce noise and save money with **TRU-STRIP™** Cool Store Strip Curtains. **TRU-STRIP™** curtains use thermally resistant, heavy-duty PVC to minimize temperature loss/gain and control air movement at freezer and coolstore entry and exit points. The system is also proven to inhibit airborne pollutants such as dust and fumes, while lowering noise levels by up to 35db. **TRU-STRIP™** curtains come as a pre-cut kitset with all necessary fastenings – simple and easy to install. **TRU-STRIP™** Safety Marker Strips are standard features on 200 and 300mm curtains to reduce forklift damage to door openings.

Technical Specification

- ✓ Temperature Range: Std Temp +50°C to 0°C, Low Temp 0°C to -40°C
- ✓ Aluminium Header Track with optional Hygiene Covers.
- ✓ Stainless Steel fixings for corrosion resistance.
